---

State Fiscal Highlights

- No direct fiscal impact on the state is anticipated.

Local Fiscal Highlights

- No direct fiscal impact on local political subdivisions is anticipated.

Fiscal Analysis

Officials at the **St. Louis County Police Department** assume the Instruction Technology Supervisor is currently in charge of running and updating the website for St. Louis County Police. We estimate eight hours of work per year for the supervisor to change, update, and maintain the current website with new information required by this bill. The hourly rate for this position is \$35.75 an hour. Multiplied by eight hours a year would be a cost of \$286 a year and \$858 over three years. The fiscal impact to St. Louis County would be minimal.

Officials at the **Department of Public Safety - Missouri Highway Patrol** and the **Office of the Director** each assume no fiscal impact from this proposal.

Officials at **St. Louis County** and the **City of Kansas City** each assume no fiscal impact from this proposal.

Officials at the City of St. Louis and the St. Louis Metropolitan Police Department did not respond to **Oversight's** request for fiscal impact.

FISCAL ANALYSIS (continued)

No direct fiscal impact to small businesses would be expected as a result of this proposal. Also, this legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
